★ ★ ★ U.S.-OCHA PARTNERSHIP DELIVERS TARGETED, LIFE-SAVING ASSISTANCE

In December 2025, the United States announced that we intended to provide \$2 billion in humanitarian assistance through UN OCHA. Our initial \$2 billion contribution is a successful proof of concept for the U.S.-OCHA partnership. Together we are:

- **Delivering** more targeted, efficient life-saving assistance faster than before
- **Advancing** critical UN and humanitarian sector reforms while yielding measurable results
- **Elevating** in-country teams to fund prioritized needs, ensuring more of every dollar reaches the front-line
- **Strengthening** accountability to U.S. taxpayers and people in need

SCALE: MILLIONS OF PEOPLE TO RECEIVE LIFE-SAVING ASSISTANCE

22 M PEOPLE TARGETED IN 18 COUNTRIES

IMPROVING THE HUMANITARIAN SYSTEM

How is the US helping drive the Humanitarian Reset?

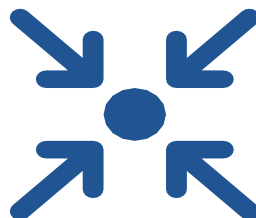

FASTER

More than 2x

Faster than average
allocation times

MORE PRIORITIZED

92%

People targeted live in highest-need
areas

MORE ACCOUNTABLE

SCALE: A STEP CHANGE IN VOLUME OF POOLED FUNDING

More than tripling funds available across 18 countries in just a few weeks

6

New Country Funds established

+216.9%

From \$615M across the 18 countries in
2025 to \$1.95B through the US
allocation, or over x3

Rapid delivery at scale

**\$1.71 B in funding allocated
(88% of total)**

**Allocations complete in 16 of
18 countries**

**22 million people to
receive life-saving assistance**

**80 partners managing
220 projects**

SCALE: WHAT IS BEING FUNDED?

What does it mean concretely for the people in crisis?

Food security

2.2M people receive in-kind food assistance in 9 countries

Water, sanitation & hygiene

10.4M people access sufficient and safe water

Protection

2M people protected from violence or receiving supportive care

Health

691 health facilities supported.
7M primary healthcare consultations provided

Nutrition

566k children receive treatment for severe malnutrition

Emergency Shelter & NFI

2.8M people receive emergency relief supplies

FASTER: RAPID GROWTH AND QUICK ALLOCATIONS

Expediting delivery of life-saving assistance to people who need it

Allocation process

(in days)

12 days

Average duration of allocation process

More than 2x faster

than 2024 average (26 days for Reserve Allocations), through the Trump Administration's America First Foreign Assistance

Disbursement time

(in days)

* The allocation process entails **MANY** steps, from the production of a dedicated allocation strategy, consultations, projects pre-screening and much more until the Grant agreement is signed!

MORE PRIORITIZED: TARGETING THE MOST URGENT NEEDS

Nearly all funding will target areas facing highest-severity needs

- 92% of people targeted under US assistance live in areas with most severe needs
- Stronger focus on most severe areas compared to all donor funding combined

Proportion of people targeted in areas with intersectoral severity 4 and 5

■ Intersectoral severity 4 & 5 ■ Intersectoral severity 3 and below

MORE EFFICIENT: DELIVERY AT SCALE

Economies of scale in supplies

- Around \$928M out of the \$1.66B for country funds were allocated to supplies, materials and commodities, averting pipeline breaks in multiple countries.

Amount spent on procurement of supplies, per organization type (in million USD)
